Profile

Full Stack Developer dedicated to building scalable web applications. Proficient in the **.NET ecosystem** and modern frontend frameworks like **React and Angular**. Successfully developed and deployed full-stack projects using **GitHub Actions for CI/CD** and **Linux environments**. Focused on delivering user-centric solutions while continuously expanding technical expertise in cloud technologies.

Projects

VideogameStore – December 2025 - Present.

- Developed a full-stack e-commerce application using **ASP.NET Web API, React** and **SQL Server**, implementing a complete product, cart, and order workflow.
- Implemented **JWT-based authentication** with role-based authorization and integrated **Stripe** for secure online payments.
- Deployed the application to production using **Azure** (backend) and **Firebase Hosting** (frontend), enabling real-world usage.

ChatAISystem – February 2025 – April 2025.

- Developed a web application for interactive role-playing games, integrating **REST API** requests to Google Gemini using **ASP.NET MVC** and **SQL Server**, deployed via **Azure** Web Apps.
- Implemented advanced features for **character management**, **contextual memory** chat, and an optimized search system in a fast and user-friendly interface.
- Strengthened application security through robust **user authentication** and thorough validation integration on both frontend and backend

Experience

AEROCAR EXPRESS Aguascalientes, Ags.
IT Intern February 2024 - August 2024

• Developed and maintained an information system using **ASP.NET MVC**, optimizing code quality, readability, and performance.
• Provided **technical support** to users, resolving critical incidents in both the information system and computer equipment.
• Authored user manuals and quick guides, improving adoption and understanding of system functionalities.
• Coordinated and managed team tasks using **GitHub and Trello**, ensuring an agile, organized, and efficient workflow

Education

Universidad Autónoma de Aguascalientes Aguascalientes, Ags.

- Bachelor's Degree in Computer Science and Information Technology Graduated: Dec. 2021
- M.Sc. in Computer Science and Information Technology Graduated: Jun. 2024

Skills

Backend: C#, ASP.NET MVC, REST API, Python
Frontend: React**,** Angular**,** Bootstrap ,JavaScript, CSS, HTML
